

## **RECYCLE REDUCE REUSE!!!!**

'A Little Goes a Long Way' is a book about a little boy Fin and his dog Sausages who learn to use only what they need as they help with the chores around the house. This is a great starting point to lead a discussion on the importance of conservation and preservation.

**\*\*What sort of things can you be more mindful about while at home or school?**

**\*\*Cans, cardboard, plastic, glass, bottles and newspaper are all things that can be recycled. What sort of things do you and your family recycle on a daily basis? Recyclable goods can also be reused before they are recycled. Glass bottles can easily be cleaned out, decorated and reused as flower vases. Cardboard boxes can be reused to make forts. What other things can be reused before they go into the recycling bin?**

**CAN FIN AND SAUSAGES GET THROUGH THE MAZE TO FIND THE RECYCLING BIN? Complete the maze below and help them put their bottles and cans in the recycling bin!**
